LEADERSHIP CIRCLE

The **College of Engineering, Computing and Applied Sciences** Leadership Circle is comprised of passionate and loyal alumni and supporters. It provides an opportunity to support the larger priorities of our college through the leadership of Dean Anand Gramopadhye.

Unrestricted Leadership Circle gifts provide a solid foundation for the next generation of engineers and scientists to build successful careers and impactful lives. These contributions are used to attract, retain, and award top talent, provide exemplary engagement experiences, and support our students in need.

Here are just a few examples of how gifts to this fund make a difference:

TOP TALENT HONORING THE BEST AND BRIGHTEST

We firmly understand that any college is only as good as its people, which is why our faculty who are charged to shape young Clemson scholars into future industry leaders are so important. Gifts to the college's Leadership Circle help us attract and retain world-class faculty through the Dean's Professorship Awards, which recognize top talent.

EXEMPLARY EXPERIENCES ACTIVITIES WITH IMPACT

Leadership Circle gifts provide support for programs within the college that enrich students' academic experiences.

Clemson Engineers for Developing Countries engages local communities in Haiti's Central Plateau to develop sustainable solutions that improve the quality of life through interdisciplinary student-led initiatives, including aquaculture systems, water treatment projects, and biodigesters.

Programs for Educational Enrichment and Retention (PEER) and Women in Science and Engineering (WISE)

aim to educate, recruit, and retain underrepresented populations in STEM fields through mentoring, academic coaching, counseling, and academic enrichment.

The **STEAM Exhibit at Artisphere** encourages visitors of all ages to participate in hands-on activities with EMAG!NE, the college's STEAM K-12 outreach network.

STUDENT SUPPORT REACHING THEIR POTENTIAL

We are very grateful to be able to provide emergency funds to stellar students in our college. Leadership Circle funding provides immediate assistance to students facing extenuating circumstances and has had an impact on many students through completion grants and need-based scholarships.

MAKE YOUR IMPACT

If you are interested in becoming a member of the college's Leadership Circle and joining Dean Gramopadhye in making a positive impact on the college, please contact Kelly Cloyd, executive director of development, at kellyu@clemson.edu.
